Education

Rhode Island School of Design — BFA in Illustration, Concentration in Animation

John W. North High School — International Baccalaureate diploma

Experience

MassDigi Summer Innovation Program Intern (*Summer 2017*)

- Worked with two other interns and Dejobaan Games on *Progress*, an upcoming Steam city-builder game
- Created development art, advertisements, and over 150 unique game assets in 3D program MagicaVoxel
- Organized the final exhibition of our games with 24 other programmers, designers, and artists

Freelance Artist with Dejobaan Games (*Summer 2017 – present*)

- Work in conjunction with Ichiro Lambe, the founder of Dejobaan Games, to develop voxel art that is both visually rewarding and distinctive from a distance
- Communicate clearly with the team at Dejobaan Games to limit miscommunication from working remotely

Book Cover Illustrator (*January 2018 – present*)

- Design compelling book covers for Josh Edge's unreleased debut adult fantasy novel, *Hands of the Raven*
- Consider fonts, both existing and self-made, in the early development stages so the cover appears cohesive

Leadership

RISD Concept Art Club Officer (*2016 – present*)

- Lead weekly meetings to teach members about concept art, from silhouette sketches to character design
- Communicate with artists in the industry for guest talks, interviews, and early game demonstration
- Organize a month-long project in the spring where members design original worlds and their inhabitants

Artist at the Brown-RISD Game Development Club (*2015 – present*)

- Communicate with thirty other artists, programmers, and designers to create multiple complete games
- Work from concept art stages to designing characters to creating finalized game assets

Designer for the RISD Chinese Student and Scholar Association (*2017 – present*)

- Cooperate with four fellow Design team members to create advertisements for club activities
- Contributed to the CSSA logo design and oversaw T-shirt printing transactions

Skills

- Fluent in English and Chinese with a basic proficiency in Spanish
- Experienced with Adobe programs (Photoshop, After Effects, Premiere, Animate, and Illustrator)
- Specialized in visual development (character, environment, and prop design) and 2D animation
- Proficient with ZBrush, Blender, and Maya
- Highly experienced with Magicavoxel
- Accomplished at dessert pie-baking
