education

MFA Interaction Design, 2017 (Expected)

California College of the Arts 2015-17
San Francisco, CA

Bachelors in Industrial Design, 2009

Istituto Europeo di Design 2006-09
Milan, Italy
Graduated with final score of 88/100

experience

Interaction Design Intern

Bridge Design, A Ximedica Company
San Francisco, CA
May 2016 - August 2016

Worked alongside the main design team on digital projects in the medical domain. My work was related to (but not limited to) dissecting the brief and understanding the needs of various stakeholders, in form of detailed experience maps, interaction models, information architecture and wireframes.

Sr. Industrial Designer

Axiom Consulting
Bangalore, India
July 2013 - March 2015

My role involved working closely with emerging markets team and develop solutions based on requirements across multiple domains. My diverse skill set and adaptive work process were employed by Axiom to address projects requiring cross-domain thinking.

Industrial Designer

Lokusdesign Pvt. Ltd.
Pune, India
Oct 2010 - March 2013

Worked largely on product and packaging design projects. I was involved with research, concept development and 3d visualization of projects of various scales. The projects ranged from packaging design of FMCG and cosmetic products to the design of white goods and consumer durables.

Design Executive

Well-Tech Studio
Milan, Italy
July 2009 - July 2010

My work as a Design Executive involved proposing design concepts for various interior spaces, exterior spaces and furniture design. I actively participated in 3d visualizations and prototyping of both large and small scale models.

achievements

India Design Mark 2014

India Design Council

Packaging design for Virbac was awarded India's highest design honor for being a design of exceptional functionality and aesthetic values.

Best Portfolio &

Best Space Design Project

Behance Portfolio Review 2013
for Sony Retail Center Design

Special Mention

Pune Design Festival 2012

My undergrad thesis project of 33mtr yacht design was awarded special mention in transportation design category.
